

Design your future with member online access

Taking control of your super is easy with Spectrum Super's comprehensive range of online tools. Whether you just want to check your balance or completely change your investment portfolio, the right tool is only a few clicks away.

It's your future, so go ahead and design it.

Details, details...

Member online access provides all your super details in a simple format which is available 24 hours a day. You can view your:

- account balance
- investments held
- transaction history
- BPAY® customer reference numbers
- insurance cover
- future cash flow strategy
- personal details
- portfolio reporting, including account return information across any period.

© Registered to BPAY Pty Ltd ABN 69 079 137 518

Spectrum Super provides you with a powerful suite of online tools to help you take control of your super.

Take control with online transactions

Spectrum Super provides you with the ability to submit transactions online so that you're in complete control of where your super is invested.

Using member online access, you can:

- buy and sell shares
- buy and sell managed funds
- switch from one managed fund to another
- change your future cash flow strategy

You can even update your personal details and supply us with your tax file number if you haven't already. All of this adds up to an incredibly powerful suite of tools to help you make the most of your super.

Immediate access

Registering for member online access is easy. Simply:

- visit our website – www.spectrumsuper.com.au
- click on 'member online access'
- follow the instructions to register.

You'll receive an email immediately with a link to complete your registration process which means you'll be able to log on to your account right away.

When you log in, you should find that using member online access is pretty straight-forward. If you get lost at any point, we've put together a comprehensive user guide and frequently asked questions document to guide you. And you can always call our customer service team for further guidance.

If you need any help with member online access, please call our customer service team on **1800 333 500**.
