Design your future

Employer Investment Authority

Please PRINT your answers within the boxes in clear CAPITAL LETTERS using a BLACK or BLUE pen. Mark answer boxes with an [X].

You can use this form to nominate an employer default investment strategy on behalf of your employees. Where an employer default strategy is not selected, the Spectrum Super default option will apply (refer to the Product Disclosure Statement (PDS)). Prior to selecting your default investment strategy, the Trustee strongly recommends that you consider obtaining professional advice from a licensed financial adviser.

Before making any decisions regarding an investment option, please read the Spectrum Super PDS and relevant underlying investment PDS's, which are available at www.spectrumsuper.com.au, by contacting Spectrum Super Customer Service or from your licensed financial adviser. Our website provides a detailed list of available investments and underlying investment manager fees.

1 Refer to the 'Investment Options' list for available investment codes. This is available from your licensed financial adviser, our website or by contacting Spectrum Super Customer Service.

4 Additional comments/instructions

5 Declaration by authorised officer of employer

- **Ready-made portfolios and self-selected managed funds** – I confirm that all investment information, including the objectives and relative risk of each of the strategies, has been made available to me. I am fully informed of the range of investment strategies that can be chosen and the circumstances in which they can be changed.
- I consent that where I have chosen an investment with a long withdrawal period (illiquid investments) or there are delays receiving proceeds from selling investments, any withdrawal or transfer request may be delayed for more than 30 days.
- I confirm that I have received and considered the PDS for each of the investment options selected.
- I consent to the collection and use of the above information by the Trustee for the purposes specified in the PDS.
